To Whom It May Concern,

Harper Academy Charter School partners with Owens Communications for Structured Cabling and most likely in the near future Phone Systems. On multiple occasions we have chosen to use Owens Communications for various Cabling projects at our facility. The staff always seems to find a time saving method to get the work done quicker than we expect. This is not lost on me as running a new Charter School is never an inexpensive endeavor.

We appreciate Owens Communications for their effort, performance and their working within our budget!

Sincerely,

A handwritten signature in blue ink, appearing to read "Melvin Perry".
