December 1, 2014

To whom it may concern:

Owens Communications has completed several projects for our management firm over the years. Kirk has always been very professional and responsive to all of our data cabling needs. He and his staff have always been fast, courteous, neat and clean throughout each project.

I would not hesitate to recommend Owens Communications for any data cabling projects or solutions.

Sincerely,

Eric Starns
Director of Operations
Newmark Grubb Levy Strange Beffort
