To Whom It May Concern,

Palmer Johnson Power Systems employs Owens Communications for Structured Cabling. When the need arises where cable needs to be pulled for telephone or data we know who to call. Pricing is always reasonable, work is always done in a professional and diligent manner.

We have a warehouse environment with tall ceilings, lots of structures, and some tight corners despite all that Owens Communications staff gets the cable where we need it go in a timely manner. You will enjoy your experience with this company if you employ them for your projects.

Larry McMasters  
Branch Manager
